Prepared By: Jim Nicholas Chief Division of Transportation Programming (916) 654-4013 PROGRAM AMENDMENTS STIP Amendment 02S-033 Notice Item

CTC Meeting: August 22, 2002

Reference No.: 2.1b.(15)

Original Signed By

ROBERT L. GARCIA Chief Financial Officer August 1, 2002

STIP AMENDMENT 02S-033 NOTICE

SUMMARY

This amendment programs \$1,429,000 in Regional Improvement Program (RIP) funds from Butte County's Unprogrammed Share Balance for four roadway rehabilitation projects in FY 2006-07: \$750,000 towards a \$2,164,000 project to reconstruct East Fifth Avenue; \$152,000 to rehabilitate Lincoln Boulevard; \$360,000 towards a \$415,000 project to signalize the intersection of Skyway and Honeyrun Road; and \$167,000 to rehabilitate B and Second Streets.

RECOMMENDATION

The Butte County Association of Governments (BCAG) is requesting this amendment. The Department of Transportation (Department) has reviewed the amendment and found it to be consistent with the California Transportation Commission (Commission) adopted State Transportation Improvement Program (STIP) guidelines. Commission staff has indicated that the only available STIP capacity is in FY 2006-07. These projects have received State only funding approval.

RESOLUTION

Resolved, that the California Transportation Commission (Commission) revise the 2002 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as follows:

August 22, 2002 Reference No.: 2.1b.(15) Page 2 of 4

BACKGROUND

This amendment programs \$1,429,000 in Regional Improvement Program (RIP) funds from Butte County's Unprogrammed Share Balance for four roadway rehabilitation projects in FY 2006-07: \$750,000 towards a \$2,164,000 project to reconstruct East Fifth Avenue; \$152,000 to rehabilitate Lincoln Boulevard; \$360,000 towards a \$415,000 project to signalize the intersection of Skyway and Honeyrun Road; and \$167,000 to rehabilitate B and Second Streets.

Project 1 - East Fifth Avenue Roadway Reconstruction (PPNO 3L99)

Reconstruct roadway to bring structural section up to current standards and meet traffic loading criteria.

Project 2 – Lincoln Boulevard Roadway Rehabilitation (PPNO 3L98)

Rehabilitate roadway by placing an asphalt concrete overlay over existing roadway surface to extend its service life.

Project 3 – Skyway at Honeyrun Road Signalization (PPNO 3L97)

Skyway is the County's highest volume road with a daily traffic count of more than 20,000 vehicles per day at the Honeyrun Road intersection. Installation of a traffic signal will preserve the operational efficiency of the intersection.

Project 4 – B Street and Second Street Roadway Rehabilitation (PPNO 3L100)

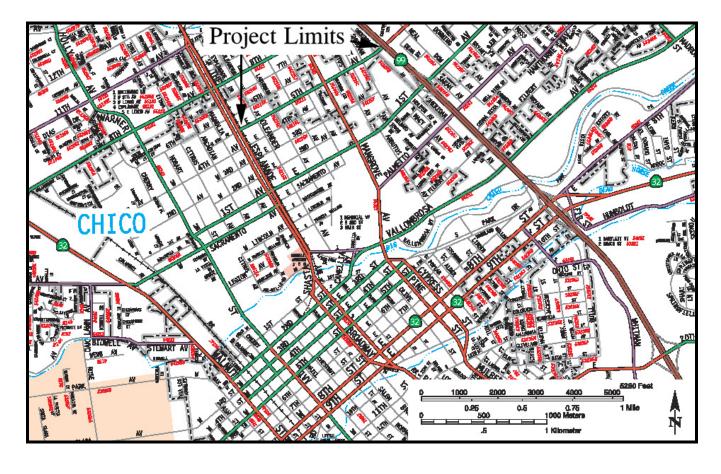

The existing roadway requires frequent maintenance and is in need of rehabilitation.
